New Year Raffle :)

written by Mert SARICA | 24 December 2021

I wish the 2022 year that we will enter with new hopes and goals, will bring health first and happiness and success to everyone. Also, as in every year, I want to thank all my readers and followers who didn't leave me alone by reading my writings, leaving positive/negative comments and feedbacks, encouraging me to write new articles and do researches, also following me on social media.

I will be giving away two Raspberry Pi 3 B+ models to two of my followers who tweets or shares their favorite blog post of mine, with the @MertSARICA tag on Twitter or Mert SARICA tag on LinkedIn and deadline for this is December 26th, 2021 at 21:00 (UTC+3) among my connections and followers. However, profiles that are set to private on Twitter, I would not be able to see their tweets. So those participants would have to send me a screenshot of their tweet via private message or email (mert.sarica[@]gmail.com). And also, those who shares on LinkedIn must be properly tagged with the Mert SARICA tag to be considered, because I would not be able to aware of otherwise.

Those who participate in the raffle can easily find out if they have been included in the raffle by checking if their tweet or post has been added to

my favorites or liked by me. They can also check here to see if they have been added to the raffle list.

Even if you follow the raffle rules but I have not favorited your message, please do not hesitate to remind me within 2-3 days if you are not on the raffle list. Please make sure to clear your internet browser’s cache (or press CTRL-F5) before checking the list before reminding me.

The raffle result will be announced on my Twitter and Linkedin accounts after December 26th, 2021.

Raffle Rules and Notes:

1. One person can participate in the raffle once.
2. The raffle is open to those who began following my Twitter account before December 24th, 2021.
3. Individuals with private Twitter profiles must send me a screenshot of their tweet via email or private message.
4. Twitter accounts that are suspected of being fake, part of a botnet, etc. will not be included in the raffle.

Note: The gift raffle has concluded and the results have been announced on my Twitter and LinkedIn accounts.
